The Board of Directors of Geberit AG has appointed Ronald van Triest as Head of the Group Division Sales International (comprises the Geberit markets outside Europe), effective June 1, 2015.

The Dutch citizen Ronald van Triest (45) completed his Master's degree in Management and Organization at the University of Groningen (NL) in 1996. He started his career at Royal Philips, where he held various roles in marketing and in sales and was responsible for tasks with wide-ranging responsibilities until 2006, working primarily in Singapore and Hong Kong. From 2007 to 2009, he was General Manager Commercial Management at China Electronics Corporation in Shenzhen (CN) and managed staff in China, Singapore, Russia and Turkey. Since 2010, he has been working as CEO and Managing Director of Lemnis Lighting in Singapore, where he was responsible for setting up and developing the Asian business.

The Board of Directors is convinced that, in Ronald von Triest, it has found an experienced sales professional with an outstanding track record in the Middle and Far East to head up the Group Division Sales International. His personality and his cultural understanding of the markets in his area of responsibility make him the ideal candidate to successfully advance Geberit's presence outside Europe.
